| DESCRIBE THE PRESENT AND ORIGINAL (If known) PHYSICAL APPEARANCE | | | | | | |
| <p>This building is two stories high and with two bays on the first floor and four bays on the second. The building's facade has been covered with cement, but it most likely has brick building walls and a brick or stone foundation wall.</p> <p>The first story features a double garage door to right and two boarded-over flat plate glass windows to the left. These have a flat door with stone stoop sandwiched between them. The door is also boarded over.</p> <p>Four double hung windows with 6/6 lights punctuate the second floor facade. Again, the materials used in the sills and lintels is indistinguishable because of the cement covering. However, they are probably stone and brick, respectively.</p> | | | | | | |
